

DAMAR[®] LED SHOP LIGHT 84W/5K/4FT 120V

WARNING

1. Ensure power is off before starting installation, wiring or attempting any maintenance should be performed by a person familiar with the construction and operation of the product and hazards involved to ensure personal safety.
2. All work should be performed by a qualified electrician.
3. The ceiling should have the enough strength for installing the fixture; Its endurance must be more than the weight of fixture.

Installation

Hanging installation

Step one: Use the hanging chain and "S" hook, fix the shop light onto the ceiling

Step two: Use the power cord to link the shop light to socket

This lamp can be connected one by one, through the socket on the lamp,
Maximum linkable number: 3pcs.

The unit is intended to be installed directly beneath a ceiling-mounted receptacle, and that excess cord should be kept out of the work space, such as by securing it to one of the supporting chains with a cable tie. A caution that the hooks are to engage the chain only and not the electric cord shall be included.
